02/10/13 18:06:18, Checked In:

02/10/13 18:08:14, Made Announcement: Net is in STANDBY status until further notice. No warnings in effect in the EAS area; however, FLASH FLOOD WATCH in effect until 6 p.m. Monday for a large portion of Alabama, including all 6 EAS counties and numerous other counties. There are tornado warnings active -- with at least one confirmed tornado on the ground -- in the S.W. portion of Alabama, but the instability of the atmosphere in the EAS area is not nearly as severe as that area, so this severity of weather activity is not anticipated to move into the EAS area. But we are monitoring the situation nonetheless.
